

# Saturday First Race

## Flag schedule

### Notes:

- 1) The K Fleet consists of Dragonflies, Larks, OKs and Topper class racing (not handicap). They all start under K Flag BUT you may need to finish using individual class flags.
- 2) Aim for 50 minutes duration for leading boats.
- 3) For back-to-back racing, try to minimise the wait between races, e.g. try to use Fynn Lass to finish competitors as this will give you flexibility to start a class when they are finished and ready for their 2nd race.
